

# KILLIAN N.S GREEN SCHOOLS

What we have been up to for green schools this month.

## OUR THEME

Global citizenship  
Marine environment

We focus on how our actions impact the world's oceans and how we can take responsibility for protecting marine life.

## LITTER PICK UP

Our school went on a litter pick up down to Father Gallaghers well! The children had so much fun cleaning our local area.

## WASTE AUDIT

We are monitoring our waste in the school by monitoring the weight of our different types of waste. Louisa is taking charge of this with help from Anatolii and Maksym.

## SINGING

Siobhán is teaching the children a beautiful song about how we can care for the environment!

## PROJECTS

Some of our projects on Marine litter and the environment

## OUR UPCOMING EVENTS

Beach clean up with Clean coats- 31st of March.
